REACH OUT WITH LOVE AND CARE FOR EVERYONE

THE WORLD ANTHEM

V1: People just like you and me
All need love to survive
Love's not something you can buy
It's a feeling deep inside
Come on, open up your heart
Smile and make more friends
Every bit of love you give
You'll get back in the end.

CHORUS:

REACH OUT WITH LOVE AND CARE FOR EVERYONE
LOVE TURNS DARKNESS INTO LIGHT
RECH OUT WITH LOVE AND CARE FOR EVERYONE
LOVE IS A HUMAN RIGHT

V2: We all see people suffering
At home and across the world
Millions live in anguish
With no hope left at all
Show them some compassion
'Cause we're all family
Send them all the love you can
Your love will set them free

CHORUS:

V3: We all want to live in peace
And have freedom every day
So why do we hurt each other?
There is a better way
Spread loving-kindness
Everywhere you can
Everyone's your neighbor now
There are no foreign lands

CHORUS:

BRIDGE: If we don't care for each other
We can kiss the world goodbye
Love holds life together
Just love and don't ask why
*"Make friends with all your neighbors
Love them - and we'll all survive!"
"All together now"*

REACH OUT WITH LOVE AND CARE FOR EVERYONE
"That means you"

CHRISTOPHER JUDGES

REACH OUT WITH LOVE AND CARE FOR EVERYONE – THE WORLD ANTHEM was written, produced and performed by Christopher Judges, a ‘Cockney Brit’ living in Los Angeles with a passionate dream to change the world into a better place.

When Humanity decides to REACH OUT WITH LOVE AND CARE FOR EVERYONE it will make a huge difference to all our lives,” says Christopher with great enthusiasm. “Russia, China, India, Pakistan, Iraq, Africa, Europe, Iran, Latin America; everyone is our neighbor now. Whether we like it or not, there are no foreign lands!

Our daily lives, with all their problems, local or global, are all directly relative and interdependent to everyone else’s problems no matter what they are. Separation, isolation and independence of nations are impossible myths.

We either REACH OUT WITH LOVE AND CARE FOR EVERYONE or we fall deeper into the malaise of increasingly catastrophic times. This song is a world anthem and creates common ground between all the disparate and desperate peoples of the world.

In the light of the world’s present political climate, loving your neighbor is not only desirable - it is an absolute necessity for survival. We must develop unconditional love and friendship between all the peoples of every nation; spread the realization that we are all in this life together and that we need to reach out with love and care for each other if we are all going to continue to survive and enjoy life.

Tragedy does not have to be the hallmark of our global future If one day, God forbid, a nuclear bomb is set off amongst an ordinary civilian population of a major city OR our environmental problems hit critical mass, anything we can imagine is going look like a minor abrasion. Our global situation is URGENT.

NO MATTER WHAT - REACH OUT WITH LOVE AND CARE FOR EVERYONE
